

Point of Service Food Inspection Disclosure as a Recommended Practice: A VISUAL ABSTRACT

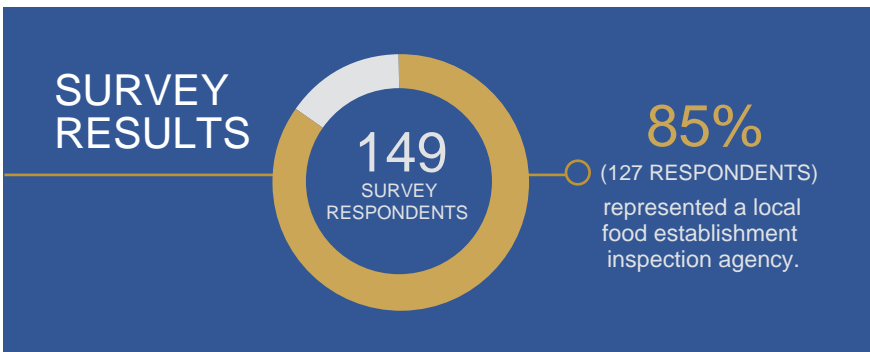

JANUARY 7, 2020 –
APRIL 6, 2020

790

SURVEY METHOD

Between January 7, 2020 - April 6, 2020, an online 36-question survey administered to 790 government-run food establishment L Q V S H F programs at state, county, city, district, and territorial levels. Use of the FDA Voluntary National Retail Food Regulatory Program Standards listserv allowed for direct contact and survey dissemination to managers or primary points-of-contact of food establishment inspection programs.

than agencies that disclosed online only.

SURVEY RECOMMENDATION

Policymakers and restaurants should consider adding point of service disclosure of inspection results to the current practices of inspection agencies.
