contact Boulder County Public Health. Establishments intending to operate when there is a Boil Water Order may only do so with approval from Boulder County Public Health. Food operations and alternative water supplies will need to be evaluated on a case-by-case basis.

Once the water supply is no longer threatened and the boil water order has been lifted, verify these steps were taken before reopening the facility

Cleaned and sanitized the water filter housings.

Prior to the startup of the equipment, all filter(s) were removed and replaced if not designed to be deaned in place.

o If designed to be cleaned in place, followed the sanitation procedures recommended by the water filter manufacturer and/or equipment service representative.

Verified any system that is without a new water filter cartridge was not placed back in service

Ran the empty dishwasher through the wash, rinse, and sanitize cycles three (3) times in order to flush the water lines and ensure that the dishwasher i used to wash any equipment and utensils.

Cleaned and sanitized before use.

Ran three complete ice-making cycles and discarded all ice made during those cycles. Deaned and sanitized the icemaker bin.

Removed all produce from the bins under the misters. Hushed water through the misters for at least 10-15 minutes.
