

Connecting Environmental
Public Health With the 10
Essential Services

Environmental public health has an important and critical role in the delivery of the 10 Essential Services to protect community health. We hope this web resource will help strengthen the integration of environmental public health practice through the 10 Essential Services and in meeting the needs of all communities. 🌸

C e d i g A h : Ana Pomales, Environmental Health Scientist, National Center for Environmental Health, Centers for Dis-

ease Control and Prevention, 4770 Buford Highway NE, Atlanta, GA 30341-3717. Email: apomales@cdc.gov.
